

We ignite opportunity, building brighter **Communities!**

A national non-profit dedicated to transforming lives and strengthening communities.

Building on our legacy of therapeutic care, we support children, youth, and families navigating foster care, juvenile justice involvement, early childhood and parental development, substance abuse prevention and intervention, and housing instability. Our community-based approach promotes healing, strengthens families, and stabilizes households through compassion, partnership, evidence-based services, and trauma-informed care.

8,700

Children and families served annually across Florida, North Carolina, Kansas, and Louisiana.

How Does Eckerd Connects Approach Children & Family Services?

Eckerd Connects has always believed that families thrive when surrounded by a community of care. Today, we bring that legacy forward by meeting children, youth, and families where they are—right in their neighborhoods—with programs that stabilize households, strengthen family bonds, and empower children and youth to succeed. Our dedicated staff and community partners work side by side to provide **Juvenile Justice & Youth Services, Prevention & Family Services, and Foster Care services** rooted in empathy, trauma-informed support, and proven best practices.

What Are Children & Family Services?

Children & Family Services strengthen families, prevent crises, and provide care for children and youth in need. Services include foster care, wraparound supports for mental health and addiction recovery, housing stability programs, and juvenile justice rehabilitation. Our goal is simple: help individuals realize their potential and, in doing so, strengthen the families and communities they call home.
